Hi Ms. Bernardy: GOOD JOB for you and your team!

Congratulations: It feel good when we can say: **one problem less!**

It is nice to know that the problem of Collaboration Centers from the Delegate Agency of Sabana Grande, located in Cabo Rojo is in the way to be resolve.

I have a couple of questions and requests: (when you have the information)

- We need a budget detail projected for the renovations. Please included copied of the quote.
- . Please prepare the budget by category (maintenance, repairs, renovations?, equipments and others)
- The kitchen equipment in the list included , is it the same that they have in the actual centers? If it isn't, could explain why do you need a new equipment.

I will keep in contact we you!

Yolanda

As a follow up about the status of the Cabo Rojo Head Start site, I'm including the actions taken by ACUDEN in order to identify a new location to relocate the center . The time table work plan, the floor and improvement plan are attached.

Please let me know if additional information is needed.

Thanks,

Olga Iris Bernardy Aponte Ph.D (c)
